PAT 498/598: Special Topics: Generative AI for Music and Audio Creation (Fall 2024)

Assignment 1: AI Song Contest

Due at 11:59pm ET on September 20

1 AI Song Contest (10 points)

Please listen to the ten finalists of AI Song Contest 2024 at aisongcontest.com/the-2024-finalists and read the about pages by clicking the cover arts. **Vote for your favorites** and answer the following questions (10-20 sentences each):

1. Which is your favorite song? What did they do well? What can be improved?

2. What is one dimension that most finalists didn't look into or didn't do well on?

3. What tasks are easy for current AI? What are difficult?

Please turn in your work as a PDF file. You may use any template you like.

2 Submission

- All assignments must be completed on your own. You are welcome to exchange ideas with your peers, but this should be in the form of concepts and discussion, not in the form of writing and code.

- Please provide proper citations/references for any external resources you use in your writing and code.

- Please submit your work to Gradescope.

- Late submissions will be deducted by **3 points per day**.
